"Ahsan was absolutely amazing to work with. He is extremely knowledgeable about computer science fundamentals, and delivers quality top-notch work. In addition, he took complete control of the project and went above my expectations. Will definitely continue working with him and his team. Highly recommend!"

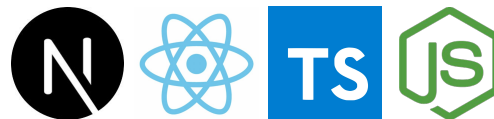

My Top Skills

Over 10+ years of experience in development

I have vast experience in Node.js stack with both SQL & NoSQL databases

I use Next.js in all of my projects. It's built on top of React.js
